Get away from it all with the Karren cable car

Superb hiking trails, the Rhine Valley beneath you and in the evening, the valley sparkles like a sea of light.

The Karren is a popular meeting place in the region and starting point for some marvelous hiking trails. The Panorama Restaurant at 976 meters is worth a visit. Whether you would like to go and eat something or just enjoy the fresh mountain air – it only takes five minutes for the cable car to take you high above the city rooftops where a wonderful panorama awaits you: the magnificent view of three countries during the day, a sea of lights by night.

Karren-Kante with Selfie-Point

As the first excursion destination in Vorarlberg, the Karren recently added a 12-meter-long bridge. On the new lookout platform visitors can enjoy an impressive all-round view. Standing above all the view sweeps from the ridge across the vastness of the Rhine valley, the Lake Constance past the Swiss mountains deep into the area Vorarlberg.

Experience excellent cuisine and a warm and friendly welcome at 976 meters above sea-level. Whether with a superb multi-course menu in the glass restaurant, or with hearty Kässpätzle at the inn, the evening high above the city rooftops is sure to be remembered.
